

Yusril's APP PORTFOLIO

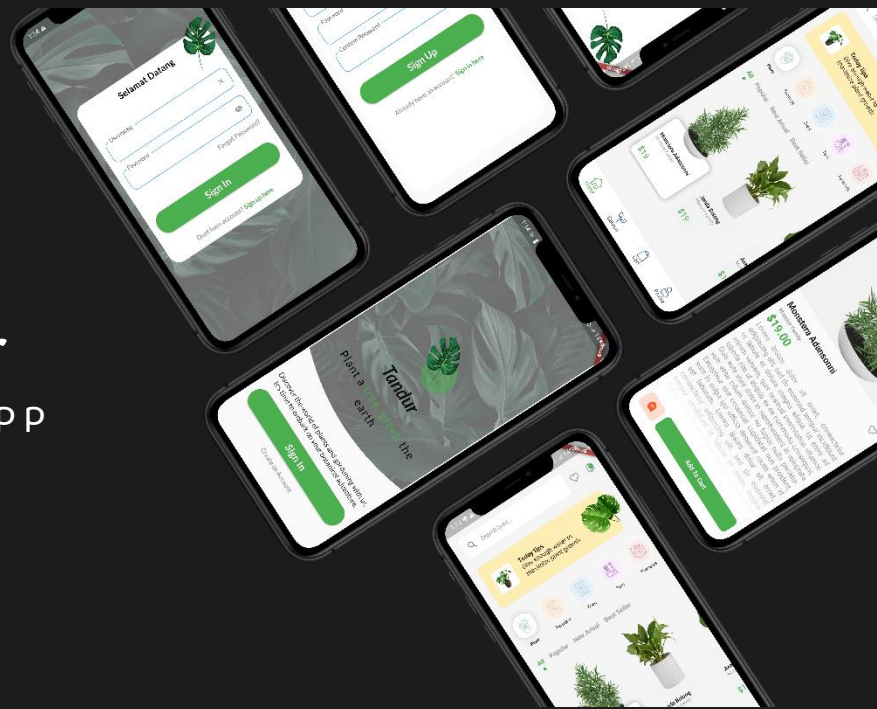

Hello, my name is Yusril Dewantara, I am a mobile app developer within 4 years more of experience in building engaging and user-friendly applications for Android. My expertise lies in Flutter, a versatile framework for crafting beautiful native interfaces on mobile devices.

Tandur Plant App

- **Description:** Tandur is plant companion app. Browse and buy decorative plants, monitor their health, set watering reminders, and join a community of plant lovers.
- **Platform:** Android.
- **Technologies Used:** Flutter, Dart.
